

difficult
TEN ~~EASY~~ Ways to SAVE the ENVIRONMENT

- #1 TAKE a BUS and LEAVE your car home. DON'T EVER DRIVE AN SUV. SAY NO TO DIESEL cars.
- #2 JUNK BOTTLED WATER. DEMAND CLEAN WATER FOR ALL. INSIST WATER-FREE AND AS A RIGHT-IS AN ENTITLEMENT TO EACH PERSON, BUT AGREE TO PAY MORE SINCE YOU USE MORE.
- #3 USE LESS WATER, TO DISCHARGE LESS SEWAGE. THINK OF THE POLLUTED RIVER, EVERY TIME YOU FLUSH. INSIST YOUR COLONY RECYCLES ITS WASTE-WATER, EVEN REUSES IT.
- #4 THE TIGER IS BEAUTIFUL. SO ARE THE POOR TRIBAL WHO CO-EXIST IN THE HABITAT. DEMAND JUSTICE FOR BOTH.
- #5 TO MAKE YOUR BEAUTIFUL HOME GREEN, HARVEST RAIN, USE WATER-SAVING TOILETS, SEGREGATE GARBAGE AND COMPOST KITCHEN WASTE. USE CFL BULBS, A SOLAR HOT WATER HEATER.
- #6 IMPOSE ECONOMIC SANCTIONS AGAINST THE US FOR ROGUE CLIMATE BEHAVIOUR.
- #7 DO NOT USE ANY PRODUCT WHICH USES PLASTIC TO PACK FOOD OR OTHER STUFF. THIS WILL PUT PRESSURE ON MANUFACTURERS TO MAKE RECYCLABLE PACKAGING.
- #8 LEVY A GLOBAL 'GREENWASH SERVICE' TAX ON CORPORATES. MAKE THEM FULLY LIABLE FOR PRODUCTS THAT DAMAGE THE ENVIRONMENT, TODAY OR TOMORROW.
- #9 DO NOT FIRST ADOPT WASTEFUL AND ENVIRONMENTALLY BAD HABITS AND THEN BECOME GREEN. THINK OF THE LAST PERSON. DO NOT FIRST BUY PROCESSED FOOD AND THEN ASK FOR ORGANIC AND HOME-MADE FOOD. DO NOT FIRST EAT JUNK FOOD AND THEN GO ON A DIET. ENJOY BIODIVERSITY IN FOOD AND LIFESTYLE. SHUN MCDONALD'S.
- #10 USE LESS OF EVERYTHING THAT YOU USE IN YOUR DAILY LIFE. NOT GREED OF SOME, BUT NEED OF ALL IS THE ONLY WAY AHEAD.
